	Mr. Dulles:	
	a) Referred to a cable containin a report on the economic situation and after some discussion it was agreed that a sanitized round-up on this matt would be prepared by DD/I in coordination with DD/P for discussion at the luncheon tomorrow the Director is giving for representatives of the Wall Street Journal.	25X1
	b) Noted while in New York yesterday he had talked wit C. D. Jackson and General Crittenberger regarding the Soviet resolution to the U.N. calling for an investigation of the Russian charge that the U.S. had intervened in internal Hungari affairs and incited the people to riot. The Director said the U.S. reply, that we would welcome such an investigation provides a U.N. team was allowed to go into Hungary to make it, was in his opinion an excellent opportunity to turn the tables on the Soviet Commented probably there was nothing much that could be done about this until after Christmas. ACTION: DD/P c) Referred to a report that Moscow University students are condemning the Soviet regime and asked whether we should not get out something on this. Mr. Sheldon commented that this	an d is ets.
	affair had been reported in the CIB and he believed this is the best way to bring it and subsequent reports to the attention of those concerned.

his office. General Cabell said that upon reading the first

he wanted an opportunity to reconsider, particularly since it raised the question of the type of information, if any, we

in question to any country would be a new departure for CIA and he hoped this would be taken into consideration. The

should send to other countries. General Cabell also said that a good bit of the data was military in nature and we might well be unsurping the prerogatives of the Department of Defense. Mr. Helms pointed out that the dissemination of the type intelligence

Director agreed and asked this problem be studied further before

memorandum containing proposed items to be sent to

final decision is reached. ACTION:

Mr. Amory:

Noted that he was attending a meeting tomorrow with the CFEP (Council on Foreign Economic Policy) to consider whether the U.S. should sell certain commodities to satellite countries at world prices, commenting that these countries do have dollars. The Director expressed the opinion that the U.S. should do this provided we could "pick our satellites".
